Halcyon Care Homes

A LIFESTYLE CHOICE

Timken Grange is owned and run by Halcyon Care Homes, whose goal is to help older people live happier, healthier and more fulfilled lives. By doing so, we hope that we give peace of mind to our residents' families, who have entrusted us with the care of their loved ones.

The happiness and safety of our residents is at the heart of everything that we do. By providing the right level of support for each resident, while respecting their dignity and independence, we aim to assist a better standard of life.

Our personalised high-quality care plans, five-star environment and fulfilling activities programme are all designed to enhance every day spent at our homes.

To maintain and deliver this quality of service, we constantly provide our staff with the training, respect and support they deserve.

Your new home – safe and sound

Since it has been purposefully designed and newly built as a residential care home, Timken Grange combines modern functionality with welcoming, stylish and comfortable design. So, for example, since every bedroom comes with its own bathroom, these have been designed with access for older guests in mind.

Combined with large, comfortable communal spaces and a wide range of amenities ranging from a beautiful garden to an on-site hairdressers, Timken Grange is made to be a safe, relaxing and luxurious new home for its residents.

Make your room your own special place

We want Timken Grange to become each resident's new home, we encourage everyone to bring their personal effects such as furniture, paintings and photographs with them to make their en-suite bedroom look and feel more familiar.

Each one of the 66 comfortable bedrooms come fully equipped with a Smart TV, mini-fridge and a telephone as standard.

Timken Grange has Wi-Fi coverage throughout, allowing devices to operate in all bedrooms as well as in all of our communal areas.

So, when you aren't taking part in an activity, want to phone friends and family members, or simply want a little quiet time to yourself at the end of a busy day, your room really is your room.

Care that's tailored to suit your needs

As people get older, many could benefit from a bit of extra support. That's why a well-staffed residential home can take away the anxiety of struggling with everyday tasks, reduced mobility or even isolation.

At Timken Grange, we use our computerised system to develop a personalised care plan for every resident that includes their lifelong hobbies and interests as well as their immediate medical needs.

For those living with dementia, our home offers residents a safe environment with activities to stimulate both mind and body.

For anyone recovering from an illness, or who wants to give their family carer a break, we offer short-term respite. Our short break residents often use their stays as an opportunity to trial our home before deciding whether making the move permanent is right for them.

Feel better, live better

Wellbeing means experiencing an overall feeling of happiness and satisfaction with life by doing the things you love doing.

We aim to enhance wellbeing by arranging personal activity plans to help everyone stay physically active and mentally stimulated. We encourage residents to stay connected with their loved ones and social activities outside the home, as well as to make new friends within it.

We have a packed activities calendar to suit all tastes and abilities. Since it's important that our residents maintain their sense of fun, we arrange regular trips, outings and activities. We love giving our residents something to do, which is why there are always theatre trips, shopping excursions and day trips to look forward to.

The best move you'll ever make

Since a move into a residential home might feel like a huge event, we do everything we can to reassure everyone concerned – families as well as potential residents – that life in Timken Grange can be the right choice to make.

Our team works hard to support each resident and show them that they can be freed of many worries about their security, as well as lots of bothersome daily chores, to start concentrating instead on making the later years of their life happier, healthier and more fulfilling.

Meals you will always look forward to

Eating good food isn't just about staying healthy – it's also about being happy. For most of us, sitting down to eat something delicious is one of the high points of every day.

Because we want everyone to look forward to their meal times, our on-site chefs at Timken Grange offer a varied weekly menu with a choice of dishes at every meal. A range of delicious, nutritious and locally sourced meals, tea, cold drinks and snacks are also available throughout the day.

Residents are also encouraged to eat with their friends and family, and special dietary requirements can also be catered for. We go the extra mile to ensure that wholesome, fresh and tasty food, eaten in good company, is the cornerstone of every resident's day.

Outdoor spaces in which to relax and enjoy

Being able to step outside into a place to connect with nature, breathe in the fresh air and unwind is good for many things, but mostly it's hugely positive for our mental health and wellbeing.
